RESIDENT CENSUS AND CONDITIONS OF RESIDENTS

(use with Form CMS-672)

GENERAL INSTRUCTIONS

THIS FORM IS TO BE COMPLETED BY THE FACILITY AND REPRESENTS THE CURRENT CONDITION OF RESIDENTS AT THE TIME OF COMPLETION

There is not a federal requirement for automation of the 672 form. The facility may continue to complete the 672 with manual methods. The facility may use the MDS data to start the 672 form, but must verify all information, and in some cases, re-code the item responses to meet the intent of the 672 to represent current resident status according to the definitions of the 672. Since the census is designed to be a representation of the facility during the survey, it does not directly correspond to the MDS in every item.

For the purpose of this form "the facility" equals certified beds (i.e., Medicare and/or Medicaid certified beds). For the purpose of this form "residents" means residents in certified beds regardless of payor source.

Following the definition of each field, the related MDS 2.0 codes and instructions will be noted within square brackets ([]).

Where coding refers to the admission assessment, use the first assessment done after the most recent admission or readmission event.

Complete each item by specifying the number of residents characterized by each category. If no residents fall into a category enter a "0".

INSTRUCTIONS AND DEFINITIONS

Provider No. - Enter the facility's assigned provider number. Leave blank for initial certifications.

Block F75 - Enter the number of facility residents, whose primary payer is Medicare. [code manually]

Block F76 - Enter the number of facility residents, whose primary payer is Medicaid. [code manually]

Block F77 - Enter the number of facility residents, whose primary payer is neither Medicare nor Medicaid. [code manually]

Block F78 - Enter the number of total residents for whom a bed is maintained, on the day the survey begins, including those temporarily away in a hospital or on leave. [Total residents in nursing facility or on bedhold]

ADLS (F79 – F93)

To determine resident status, unless otherwise noted, consider the resident's condition for the 7 days prior to the survey. [Horizontal totals must equal the number in F78; Manually re-code all "8" responses.]

Bathing (F79 – F81)

The process of bathing the body (excluding back and shampooing hair). This includes a full-body bath/shower, sponge bath, and transfer into and out of tub or shower. [F79: G2A = 0; F80: G2A = 1, 2, 3; F81: G2A = 4]

Many facilities routinely provide "setup" assistance to all residents such as drawing water for a tub bath or laying out bathing materials. If this is the case and the resident requires no other assistance, count the resident as independent.

Dressing (F82 – F84)

How the resident puts on, fastens, and takes off all items of street clothing, including donning or removing prostheses (e.g., braces and artificial limbs). [F82: G1Ag = 0; F83: G1Ag = 1, 2, 3; F84: G1Ag = 4]

Many facilities routinely set out clothes for all residents. If this is the case and this is the only assistance the resident receives, count the resident as independent. However, if a resident receives assistance with donning a brace, elastic stocking, a prosthesis and so on, securing fasteners, or putting a garment on, count the resident as needing the assistance of 1 or 2 staff.

RESIDENT CENSUS AND CONDITIONS OF RESIDENTS

(use with Form CMS-672)

Transferring (F85 – F87)

How the resident moves between surfaces, such as to and from the bed, chair, wheelchair or to and from a standing position. (EXCLUDE transfers to and from the bath or toilet). [F85: G1Ab = 0; F86: G1Ab = 1, 2, 3; F87: G1Ab = 4]

Many facilities routinely provide "setup" assistance to all residents, such as handing the equipment (e.g., sliding board) to the resident. If this is the case and is the only assistance required, count the resident as independent.

Toilet Use (F88 – F90)

How the resident uses the toilet room (or bedpan, bedside commode, or urinal). How resident transfers on and off toilet, cleans self after elimination, changes sanitary napkins, ostomy, external catheters, and adjusts clothing prior to and after using toilet. If all that is done for the resident is to open a package (e.g., a clean sanitary pad), count the resident as independent. [F88: G1Ai = 0; F89: G1Ai = 1, 2, 3; F90: G1Ai = 4]

Eating (F91 – F93)

How resident eats and drinks regardless of skill. Many facilities routinely provide "setup" activities, such as opening containers, buttering bread, and organizing the tray; if this is the case and is the extent of assistance, count this resident as independent. [F91: G1Ah = 0; F92: G1Ah = 1, 2, 3; F93: G1Ah = 4]
